## About This Game

**FlyingRock: Arena** – is top-down arcade, wherein player control weapon by mouse.

Goal in game – to kill enemy by weapon or rock that directed blows of weapon.

### Game control:

Movement of cursor (blue sword) against character makes transferring of weapon in the appropriate direction.

Movement of character. In mode Mouse-Only: position of cursor sets direction of movement. In mode Keyboard+Mouse – mouse still sets rotation of characters, but movement is carried out keyboard.

Features:\* Unusual gameplay. Character isn't control weapon, YOU do!

\* *Comfortable control*

\* *Three game modes:*

**Arena**– arena fight with enemies in melee

**FlyingRock**, – killing monsters and magic creations by weapon and rock and prevent death of character and destruction of main pillar.

**Duel** – destruction main pillar of enemy by rock and prevent destruction of your one.

\* *Many game levels and types of enemies*
